798

Quality Accreditation is a Charity Commission for England and Wales programme which endorses and encourages best practice by Community Foundations. This endorsement and recognition has been held by Kent Community Foundation since 2007. Achieving Quality Accreditation demonstrates that a Community Foundation is serious about quality and accountability. It specifies what Kent Community Foundation does and how we do it in a way that other quality systems cannot, and enables Community Foundations to position themselves as part of a high-performing network across the UK.
